MRS. ANNA **HUSSICK**,

SENTINEL, U. S. LEAGUE. Goddess of Liberty Council No. 112.

CHICAGO, ILL.

201 Dearborn Street, Сигсаво, Ілл., Feb. 6, 1902.

Several years back I was a very different woman from what I am today, and I can thank Wine of Cardui for the blessed change. At that time I was suffering from inflammation which caused me intense pains every month. It robbed me of the happiness of my life and made me blue and disheartened. I tried everything I could think of and finally made up my mind there was no relief for me. One day a member of our council called and found me in bed. I told her my troubles and she said at once, "Why don't you take Wine of Cardui? That is a sure cure for female trouble." She then went on to tell me how she had suffered from ulceration and ovarian trouble and had been cured through this medicine. It sounded like a fairy tale to me. I had read of it but had lost all faith in medicine. She, however, went to the drug store, bought me a bottle and

medicine. She, however, went to the drug store, bought me a bottle and gave me my first dose, saving, "If it doesn't cure you I will pay for it." I felt encouraged and full of hope. But fine as my hopes were the reality was better. In three days I had found a great change.

I kept up the treatment faithfully for nearly four months, kept improving and was finally entirely well. How different tife looked to me. The sun seemed to shine brighter and all the world looked beautiful to me once more. This is over six years ago, but I have had no relapse and have used no other medicine. If at times I feel worn out or languid I just take a few doses of Wine of Cardui and I am all right once more. A number of my friends who have seen my remarkable recovery have been using this medicine since I was cured, but I do not remember one who feels disappointed. In fact we do not know of anything that will take its place. It seems especially adapted for weak and sick women, troubled with irregular or painful menstruation, leucorrhoea, ulceration or inflammation. Thousands of women in Chicago today thank you for restored health and among them is your grateful friend:
